A message from our President and CEO Deborah Scanlan:

Neighborhood Home Solutions (NHS) is a not-for-profit neighborhood revitalization and community development organization that was incorporated in 1980. NHS is an innovative organization quick to respond to the needs of the community and the clients in need of its services and advocacy.

Our services are dedicated to helping people improve their financial well-being, qualify for home ownership, maintain their home after purchase, learn how to avoid foreclosure and in the unfortunate event intervene as an advocate for any person facing a foreclosure action. We believe home ownership is not only good for an individual or family but also for the entire community.

Consider NHS to be your first responder for all your housing and homeownership needs.
